Costa Rica has become my destination **TRADITION!** I am thrilled to announce that the “get far away from winter” retreat is something to plan for.

Join me on an **ART** workshop and **SPA** retreat to: Finca Luna Nueva Lodge (to create) and then to Tabacon Hot Springs Resort & Spa (to revive, restore & refresh).

During the five-day workshop, we will be creating in an open studio surrounded by hummingbirds, toucans and lush tropical treats in paradise where you will be encircled in true nature. You'll bring your own materials that you'd like to work with. Included: TWO Different Rainforest Tours | ONE Water Safari Trip...and so much more!

I imagine our world is overflowing with magical beauty. In an attempt to explore this, I create and teach mosaic art. But beauty in the world is not something that can be attempted hastily, so much like creating a mosaic. Making mosaic art takes time.

**Registration Open! Join me!**
